FORMULA 1

COMO

Although Como boast magnificent views of cloud shrouded mountains and light aircraft with floats takes off from a nearby flying club, the downside of the town is its traffic, or to be more precise, its road system. A mish-mash of narrow streets and an abundance of No Entry signs. In four days I discovered nine different ways of reaching my Hotel Larius after getting hopelessly lost on each occasion.

Incidentally, I found the Hotel Larius to be quite an experience in itself. It has a fascinating history going back to the 18th Century when it was a Convent, but in 1808, the nuns moved out and the building became a flour mill, and then in 1977 a unique hotel which has developed an enviable reputation for its restaurant menu and wine list.
