## SHOW OF power

At speeds of 220km/h, F1 powerboats produce the same kind of ear-denting, hair-raising and crowd-pleasing thrills as their counterparts on land. The annual UIM F1 Powerboat World Championship is now combined with the Continental Aquabike Championship to make an even bigger splash. So in addition to the F1 spectacle of speed, you can stay dry and admire dramatic aquabatic displays by the freestyle competitors.

Sept 16-25, Marina Bay.  
Tickets S\$15 (US\$9) available  
at all MRT stations.

## tribe has spoken

If there's a perfect setting to watch the Thumbuakar Tribe – from the rainforests of Borneo – performing tribal dances, blowpipe demonstrations and fire-eating displays, it would have to be the Night Safari at the Singapore Zoo. Here in the lush tropical setting of this award-winning park, you can combine cultural infusion with creature comforts, as well as go tribal in the truest sense of the word. The Thumbuakar Tribe will be featured at the Night Safari's *Creatures of the Night* shows at 8pm, 9pm and 10pm every evening.

Night Safari,  
80 Mandai Lake Road.
